Equipment For Sale

Picture on left is a stock photo of antenna

Picture on right is picture ready for pickup

This antenna has 2 el on 30m, 2 el on 17m and 3 el on 12.

Comes with the sleeve balun and assembly manual. I also have some copperweld wire that could be used for replacement of the linear loading for 30m and some pieces of fiberglass that can be used as replacement insulators if ever needed.

Asking price \$300 but open to offers.
